DST-SERB SPONSORED NATIONAL CONFERENCE ON GLOBAL PERSPECTIVES OF FORENSIC SCIENCE

*Tracing the Path of Forensic
Innovation*

Organised By
School of Forensic Sciences
Centurion University of
Technology and Management,
Bhubaneswar, Odisha

September 20-21, 2024
Mode: Hybrid

ABOUT THE UNIVERSITY

Centurion University of Technology and Management is the first Multi-Sector State Private Skill University in Odisha. The core objective of CUTM is 'Shaping Lives and Empowering Communities', and creating wealth and livelihood opportunities at the bottom of the pyramid. The University oversees a network of institutions offering primary, secondary, tertiary, and vocational education and training. The Centurion Group now spans over 200 acres and includes 800,000 sq. ft. of built-up space across nine locations in Odisha and Andhra Pradesh. CUTM strives to be a globally recognized hub of excellence, offering high-quality, accredited programs in technology and management. Its mission focuses on fostering sustainable livelihoods, advancing social justice, promoting economic development, and enhancing entrepreneurial culture through employability training. In 2023, CUTM was awarded an A+ grade by NAAC. Additionally, the MS Swaminathan School of Agriculture at Centurion University has achieved the top rank in the Agriculture category in Outlook-ICARE India's Top Colleges 2024 Rankings.

ABOUT THE SCHOOL OF FORENSIC SCIENCES

School of Forensic Sciences under Centurion University of Technology and Management aims at creating much- required experts in the field of investigative science with the application of advanced scientific techniques. The school aims to develop a platform wherein various scientific means and methods are applied so that social justice can be brought about within our society. We aim to be a distinguished center of excellence aiming to create a peaceful society by imparting need-based quality forensic Science Education/ Training to Prospective students and allied professionals and to make the institute an inclusive center of excellence for forensic education, research, and Training services by intensifying criminal investigation process, thereby strengthening justice delivery system. We aspire to be an institution dedicated to touch human lives with the aim of intensifying the field of investigative sciences to ensure a diminished rate of criminal record in the society by strengthening the justice delivery system leading towards prosperity, integrity and peace.

ABOUT THE CONFERENCE

The National Conference on Global Perspectives of Forensic Science brings together experts and professionals in the field to share knowledge and advancements in forensic science. The conference aims to facilitate a global exchange of ideas, research, and best practices in forensic science, covering topics such as DNA analysis, digital forensics, and crime scene investigation. Attendees will engage in workshops, plenary sessions, and networking opportunities, fostering collaboration and innovation in the pursuit of justice. The conference seeks to enhance the application of forensic science in legal proceedings, promoting accuracy, reliability, and justice in criminal investigations and trials.

CONFERENCE SUBTHEMES

- Crime Scene Investigation
- Criminology and Law
- Forensic Chemistry & Toxicology
- Forensic Nanotechnology
- Forensic Physics and Ballistics
- Forensic Biology and Medicine
- Questioned Documents and Fingerprint
- Forensic Psychology
- Cyber and Digital Forensics
- Multidisciplinary Approach towards Forensic Innovation

ABSTRACT GUIDELINES

The abstract should be submitted to gpfs2024@cutm.ac.in before the deadline. Evaluation of the abstracts will be based on quality, and payment of registration fees must be included. The abstract must be ensured to be free from typographical and grammatical errors and must clearly state the names and affiliations of the presenting and corresponding authors. Times New Roman, size 12, with 1.5 spacing and 1-inch margins should be used. The content should include a title, names and affiliations of the authors, objectives, methodology, results, and discussions. A maximum of 250 words should be used for the abstract, and 5-6 keywords should be included.

The selected papers will be published in Scopus Indexed Proceeding on certain terms and conditions
